STUDENT HEALTH SURVEILLANCE/RISK ASSESSMENT FORM FOR VERTEBRATE ANIMAL EXPOSURE

Before you complete this form, you must complete the required online species-specific training on the IACUC Community ASU Learn site. If you do not have access to this site, please send an email to IACUC@AppState.edu with your name, appstate email, your role with live, vertebrate animals (and associated protocol #), and your faculty advisor's name, or call 262-6583.

All students who will work with live, vertebrate animals at Appalachian must complete a Risk Assessment Form. Please use this form if you have paid the Student Health Fee, and the form for Faculty/Staff/Other Students if you have not paid the Student Health Fee. You only need to complete a Risk Assessment Form once to cover all protocols with animals, unless your health changes.

You are responsible for completing all personal information and documenting the date of any tetanus or rabies immunizations. Once complete, email this form to IACUC@AppState.edu. The Office of Research Protections will send all forms to the Student Health Service staff for evaluation. If additional medical care is needed, this will be communicated to you and The Office of Research Protections.

SECTION 1: GENERAL INFORMATION - COMPLETE ALL FIELDS - DO NOT LEAVE BLANKS - PLEASE PRINT OR TYPE

Legal First Name	Legal Middle Name	Legal Last Name
Registered Name at Appalachian (if o	lifferent than legal name)	Banner ID
Phone Number	ASU User Name	Date of Birth

SECTION 2: ANIMAL CONTACT ACTIVITIES

ASU AFFILIATION (Check ALL that apply)	PROCEDURES/WORK ENVIRONMENT (Check ALL that apply)				
	Observation and recording of animals				
Graduate Student	Perform animal surgeries				
Undergraduate Student	Handle & hold animals				
Animal Facility Employee	Handle unfixed tissues				
Student Volunteer	Feed/water & general care of animals				
Other (describe):	Clean cages/stalls (including change bedding)				
	Field work (including general outdoor farm work)				
	General building maintenance &/or housekeeping				
	Other (Explain):				

SECTION 3: ANIMAL TYPES & FREQUENCY OF CONTACT

	DC						
TYPE(S) OF ANIMAL(S)	DF WC WF SK ¹	AGENT(S) USED ²	4-7X/WEEK	1-3X/WEEK	1-3X /MONTH	LESS THAN 12X/YEAR	TYPICAL TIME PER CONTACT (in Hours)
Mice &/or Rats
